

I am very grateful to have the continuing opportunity to work with the smart and talented people who are improving our nation's highways, building and expanding our transit systems, improving our infrastructure, and helping to keep our water clean.

(To the tune of “Have Yourself a Merry Little Christmas”)

Have yourself a merry presentation,
May your points be bright.
From now on, your troubles will be out of sight.

Have yourself a merry presentation,
Share your thoughts and views,
From now on, your talks will fill them with Good News!

Here you are, these are golden days,
Unlike scary days of yore.
The audience will seem dear to you,
Gather near to you for sure...

Through your points it all will come together,
And they'll all say, “Wow!”
When you're done, they'll ask for you to take a bow;
So have yourself a merry presentation now.
